5. Governor's Budget - Action

- Items to consider weighing in on:
 - The Preamble - The finger wagging on how community colleges must improve
 - PT Healthcare - \$200 million
 - Consider asking for \$440 million since that's what the CCCO told Senate Appropriations that's what it would cost.
 - Changes to the Student Centered Funding Formula
 - Expansion of number of seats reserved specifically for CCC transfer students
 - New ideas:
 - Money for faculty PD to implement DEI work knowing that changes will be coming to title 5 and faculty evaluations.
 - More for COLA
 - Like the office hours pot of money - lots left over b/c districts won't match.
 - Increase to Cal Grant for further reform.
 - Money for full time faculty
